Manuscripts should be typewritten and double-spaced on one side of ordinary paper (Qto/Flscp.), and submitted to the Hony. Editor. It is advisable that a paper should not exceed 20 printed pages to enable the concluding publication in one issue. A longer paper (not exceeding 50 printed pages) is acceptable under the conditions that it will be subjected to a continuous publication to be concluded in the same volume.

Manuscripts should be submitted in the finalized form, for proofs are not the place for alterations on account of style. It is preferable that the top-copy should be sent for the editorial use.

Tables and diagrams should be written on separate sheets and accompanied by explanatory headings, numbered by Arabic numerals. Illustrations are preferably in black and white, captions should be written on the back side or separately attached. Line drawings should be carefully made with Indian ink on white drawing papers, and indicate scale with a line represent 1 mm. or 1 cm. along side actual figures. Photographs should be made on glossy paper with, sharp contrast.

The author will receive 30 reprints with covers free of charge. Joint authors will have to divide these copies between them. Reprints exceeding this number as well as covers are paid by the author.
