

**Erratum.** The following figure replaces figure 2 of the paper by M. J. Pearch, Khin Mie Mie, P. J. J. Bates, Tin Nwe, Khin Maung Swe, and Si Si Hla Bu, "First Record of Bats (Chiroptera) from Rakhine State, Myanmar (Burma)," published in *Nat. Hist. Bull. Siam Soc.* 51(2): 241–259, 2003.

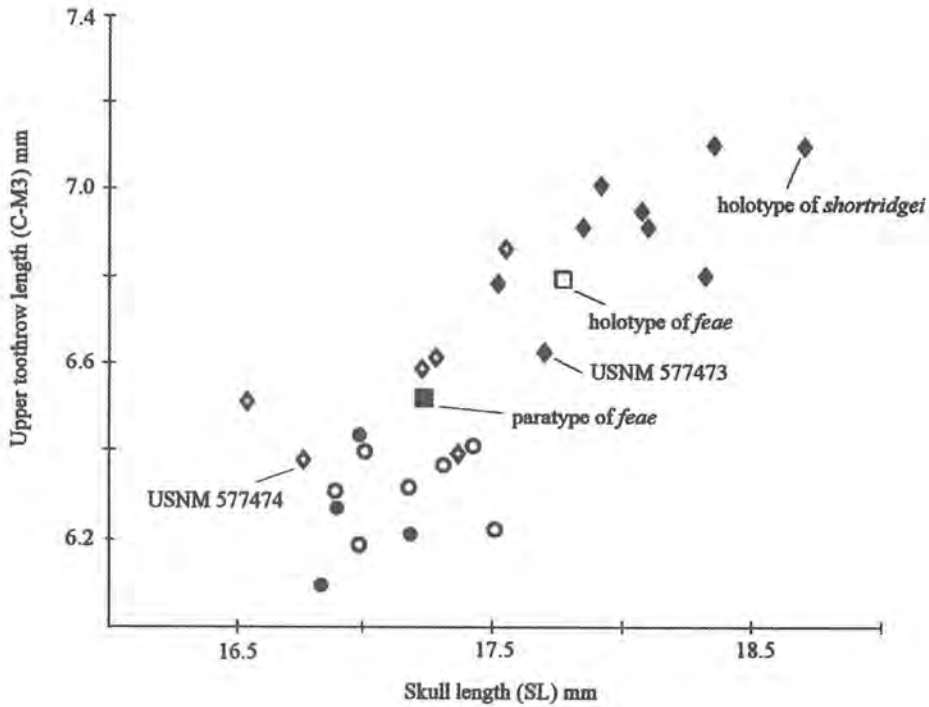

Figure 2. Comparison of upper toothrow length and skull length of *Rhinolophus lepidus*. *R. lepidus* from Myanmar: black diamonds for males; open diamonds for females. *R. lepidus* from India: black circles for males; open circles for females. The two specimens discussed by CSORBA, 2003 from Smithsonian Institution have been indicated with their collection numbers.
