Note:

- PHILIP D. ROUND, Behavioral and Distributional Notes on the Red-tailed Laughingthrush *Trochalopteron milnei* in Thailand 45

Cover photo: A group of elephants foraging in grassland in Khao Yai National Park. Elephants need to leave the forest in order to find enough forage, but often come in conflict with humans when they attempt to leave protected conservation areas. Photograph by Kulpat Saralamba. See article by W. Y. Brockelman and C. R. Brockelman, page 1–16.

Note: This issue was printed on 29 September 2023.
